0% FINANCE DEAL FROM KUBOTA

Kubota's multi-purpose vehicle literally goes with you through thick and thin. Thanks to its excellent off-road characteristics, the RTV X-1110 will take you wherever you want to go, no matter how rough and remote the location. Whether for professional or private use - it guarantees plenty of load capacity as well as a high level of driving comfort.

You're just in time for a great 0% finance deal from Kubota if you purchase from the RTV range before 31st December 2024.

If you are interested in purchasing, please call our sales team and we'll happily demonstrate just how great this machine is.

**STAFF SPOTLIGHT**

We're pleased to welcome Maurice Parkinson, who has joined the Hunts Team as an Area Sales Manager. Maurice had a big smile on his face when he delivered his first sale – a Cub Cadet to Mr Tobias last month.

Maurice brings a wealth of experience, with deep roots in farming. Growing up on a farm and working in agriculture, he later transitioned to sales in agricultural packaging. With over 19 years as a self-employed groundcare maintenance professional, Maurice's expertise makes him an ideal fit for Hunt's Engineering limited.

Having previously purchased his F3090 from Hunts and experienced our service first-hand, Maurice is thrilled to return to sales in the groundcare industry and looks forward to assisting with all your needs.

Recycling your real Christmas tree responsibly - If you don't have a chipper, check with your local council for details on their Christmas tree recycling service. Many set up Christmas tree drop off points or collect trees to be recycled. The trees can be mulched and used in local parks or green spaces (make sure all decorations have been removed).

Many charities will arrange for collection and disposal of your real Christmas tree for a donation. The Shakespeare Hospice run collections throughout Stratford-upon-Avon and the surrounding areas. For more information and to book your collection by 5th January, visit their website - TheShakespeareHospice.org.uk/Hospice-Events

A GREAT WAY TO SUPPORT A LOCAL CHARITY

BATTERIES HATE THE COLD JUST LIKE HUMANS DO!

Winter is now in full swing so mowers and other garden machinery will be redundant until the spring. If your machine has a battery on it, the likelihood of it being flat in the spring is high.

Batteries hate the cold the same as we do, so if you remove your battery from your machine and place it indoors away from the harsh elements its more likely to survive the winter and at worst only need a little wake up charge before putting it back on your machine in the spring.

If you do need a new battery be sure to call Dan or Lois in our parts department to get a price on a replacement.
